

Dog registration fees and rebates

All dogs must be registered by three months of age.

Councils are required to set two mandatory registration fee categories for dogs: 'standard' and 'non-standard'.

- A **standard dog** is a dog that is both microchipped and desexed; it attracts a 50% rebate of the full registration fee.
- A **non-standard dog** is a dog that is not both microchipped and desexed; it attracts the full registration fee.

Since 1 July 2018 all dogs are required to be microchipped by three months of age, or within 28 days of acquirement. All dogs must be desexed by six months of age or within 28 days of acquirement. (Note: compulsory desexing does not apply to dogs owned prior to 1 July 2018).

Rebates for concession or pension card holders

If you are the holder of one of the following concessions, you will be entitled to a 50% rebate on your dog registration.

- DVA "Gold" Card
- DVA "White" Card
- Pensioner Card
- Senior Health Card
- Health Card

Details of your concession card can be entered into Dogs and Cats Online at the time of registration. Pensioner, Veterans Affairs and Senior Health Care cards will only need to be validated once. Health Care Card concession holders will be required to enter their details annually for validation.
