

Community & Recreation Facility Grants 2023-2024 Application Guidelines

Community & Recreation Facility Grants are available to not-for-profit community organisations located within the Adelaide Hills Council area that provide community or recreation services to our community.

Grants are available for improvements or upgrades to facilities that will contribute to the development of community initiatives and recreation opportunities within the region; are beneficial to the community; improve sustainability and that support the Adelaide Hills Council Strategic Plan & Sport & Recreation Strategy. Funding is also available for facility planning documents such as master plan or feasibility study projects.

Potential applicants should consider attending a short information session being held by Council to discuss their application or ask any questions (various dates and venues on page 6).

The information session will include advice on completing the online application form and an opportunity to discuss their project with staff. Alternatively, applicants should contact the Council prior to submitting their application to determine its suitability for funding. It is also important that applicants read the application guidelines to ensure that their organisation and the proposed project are eligible to be considered for grant funding.

These guidelines were accurate at the time of publishing, and supersede all terms and conditions contained in any previous guidelines.
