American cycling star Chloé Dygert visits her paver on the Tour Down Under Walk of Fame

The Adelaide Hills Council welcomed American rider Chloé Dygert of Canyon–SRAM zondacrypto this week, who stopped to view her winner’s paver in Stirling during a team training ride through the Adelaide Hills. Chloe was the winner of the Hyundai Stage 3 race in 2025 which finished in Stirling.

Located along Stirling’s Main Street, the Walk of Fame features engraved pavers commemorating every stage winner whose race has finished in the town over the past 25 years, highlighting Stirling’s key role in the Santos Tour Down Under.

Added annually by the Adelaide Hills Council, the pavers create a permanent record of world-class cycling achievements and reflect the town’s history of hosting one of the Tour’s most challenging stages.

The Walk of Fame strengthens Stirling’s identity as a central Tour hub and gives fans and visitors a hands-on connection to the race’s history.
