

**PLAN 8**

**WALKWAYS AND ACCESS RESERVES**

**Plan 8 – Community Land Management Plan for Walkways and Access Reserves**

**PLAN 8****WALKWAYS AND ACCESS RESERVES**

This Management Plan should be read in conjunction to the Introductory Information in Plan 1, which includes general information that relates to each individual plan.

Adelaide Hills Council owns or has the care, control and management of a number of mostly small parcels of land that provide pedestrian linkages between roads. They are largely maintained only to the standard of walking tracks, rather than formed or paved footpaths, and may not be suitable for all people. No lighting is provided and they are intended for daytime use only. The level of use of these reserves is variable.

Leases or licences are not contemplated for land in this category.

**Improvements on reserves in the Access and Walkways category**

Improvements are not contemplated on these reserves, unless Adelaide Hills Council or its delegates decides to upgrade the standard of walking track on any reserve.

**Objectives**

- To provide convenient pedestrian access during daylight hours, in the absence of which pedestrians would have to walk a greater distance on road reserves to reach their destination.

**Performance Targets**

- Reserves in the Walkways and Access category are accessible to the public at all times during daylight hours.
- Walkways are safe for use by people with no mobility limitations.

**Performance Measures**

- There are no restrictions to pedestrian use during daylight hours, subject to the standard of path maintained for an individual reserve.
- There are no reports of injuries by people using walkways.
