Guidelines & Protocols for Council Assessment Panel Meetings

The Council, pursuant to Section 83 of *Planning Development and Infrastructure Act 2016* has established a Council Assessment Panel known as the Adelaide Hills Council Assessment Panel (hereafter referred to as “the CAP”) to assist the Council to exercise or perform its development assessment functions in accordance with the delegations that the Council has conferred upon it.

Where the CAP hears representors and/or the applicant

- (1) This should not be a debate but an opportunity for persons to summarise and/or respond to representations and to answer any questions that the CAP may have. The purpose of such representations and submissions is to ensure that the CAP is informed about any relevant planning issues with respect to any particular matter. The Presiding Member will restrict submissions and questions to the planning issues related to a particular matter.
- (2) Representors to the CAP, or their nominated spokesperson, will speak first followed by the applicant who will be invited to respond to the points made by the representors. Either party may speak on their own behalf or seek assistance from other persons such as lawyers, planning consultants or other advisors. Representations are to be limited to a maximum of 5 minutes per party but the Presiding Member has discretion to extend this for the purpose of questions from the CAP members or staff. Where a person is nominated to speak on behalf of a recognised group of people (e.g. a resident’s association or community group), then the Presiding Member shall upon request from such a group, have the ability to grant such a person more time as deemed appropriate (a maximum of 20 minutes) to speak in support of their representation. In such an instance the applicant shall be granted the same amount of time as the group to respond to representations.
- (3) Members of the CAP may ask the representors or applicant questions to clarify points of a planning nature only. Members of the CAP acknowledge that they should not use ‘leading questions’. Questions will only be initiated through the Presiding Member.
- (4) If all information is before the CAP, a decision will usually be made at the time the matter is considered. However, on occasions the CAP may defer the matter for whatever reason (e.g. to enable a site visit to occur or to seek further information to be obtained to fully address matters raised during consideration of the proposal). The development assessment staff may also require further time to complete the assessment where further information is sought.
- (5) The CAP will then deliberate on each item in public (unless it is a confidential matter pursuant to the provisions of Regulation 13(2) of the *Planning Development and Infrastructure (General) Regulations 2017*).
- (6) At the conclusion of the Hearing of Representations and the applicant’s address, the CAP may either resolve to approve, refuse or for whatever reason, defer a decision on the application.

When the application has been deferred and then brought back before the CAP for consideration, the applicant and representor(s) will not again be heard by the CAP unless the application has been readvertised and a new Hearing of Representations is to be held. However the Presiding Member may allow CAP Members to ask questions of the applicant or the representor who must limit their response to the question raised.

- (7) Where notice is given to representors in accordance with the requirements of the PDI General Regulations 2017 and the representor is not present at the scheduled meeting when the matter is to be considered, the CAP will not defer consideration of the matter to enable the representor to be present. Further, in the event the matter is deferred as contemplated in point (6) above, then the representor shall not have a right to be heard at the meeting where the matter is further considered.
- (8) Each matter of development assessment, whether it be an application for consent or the imposition or variation of conditions should be considered and determined individually upon its own merits.
- (9) The role of the CAP is not one of mediator or arbitrator for parties expressing divergent views but is as a decision maker charged with the responsibility of assessing each proposal (as presented) against the relevant Planning Rules or Development Plan provisions. It is a role that is inquisitorial rather than adversarial and may explore reasonable solutions to issues related to the proposal that affect other interested parties or third parties. However, the does not extend to redesigning or redefining a proposal or, finding alternative locations for a development. The CAP does not therefore have a role as a mediator or arbitrator at its meetings or otherwise between an applicant and representors.

Council Assessment Panel

Presentation Procedures

All persons presenting to the CAP shall adhere to the following Presentation Procedures when addressing the Council Assessment Panel (CAP):

1. Persons addressing the CAP shall give their full name, location of their property in relation to the applicant's property, an indication as to whether they are speaking on their own behalf or for another person or a group. When responding to questions or providing information to the CAP, persons should address the Presiding Member and confine their response to the question.
2. The order of presentations will be as follows:
 - a. Council staff will present a video in relation to the item. Members of the CAP may then ask questions of clarification.
 - b. The representors to the application or their nominee will make their submissions followed by questions from the CAP.
 - c. The applicant or their nominee will make his/her submission, followed by questions from the CAP.
3. The representors and applicant are permitted a maximum of 5 minutes each for their presentations, and should allow time for questions from the CAP. Persons presenting to the CAP shall be succinct, avoid repetition and focus on key points remembering the members of the CAP have a copy of their submission. The applicant will then be given an opportunity to respond to the representations made to the CAP. Where a person is nominated to speak on behalf of a recognised group of people (e.g. a resident's association or community group), then the Presiding Member shall upon request from such a group, have the ability to grant such a person more time as deemed appropriate (maximum of 20 minutes) to speak in support of their representations. In such an instance the applicant shall be granted the same amount of time as the group to respond to such representations.
4. The CAP will then deliberate on the matter and make its determination to approve, refuse or for whatever reason defer a decision on the application.
5. It should be noted that the CAP will not tolerate any inflammatory, derogatory or racist comments and persons presenting to the CAP are requested to restrict their submissions to planning matters only.
6. It should also be noted that a petition cannot be accepted by the CAP, and should be submitted to the Council for consideration at its next available ordinary meeting.

7. The use of slides, maps, videos, in addition to written and verbal submissions is permitted. It should be noted by persons presenting to the CAP that a copy of any information, photos, maps, plans, videos etc. presented to the CAP on the night is required for Council records. Persons requiring the use of audio visual equipment shall advise staff at least a day before the scheduled meeting of their audio visual requirements in order to facilitate the provision of these resources.
8. Representors are provided with only one opportunity to address the CAP. If a decision on a proposal is deferred by the CAP after the hearing of representations, advice of the new meeting date will be provided in writing but no further opportunity to address the CAP is available.
