

### Infrastructure & Operations

#### Road Reseal Program

The road reseal, spray seal program is now complete, with just over 25kms of spray seal renewed this year.

Targeted roads were spread across the district with rural and residential roads being treated.

### **Road Reseal, Heavy Patching Program**

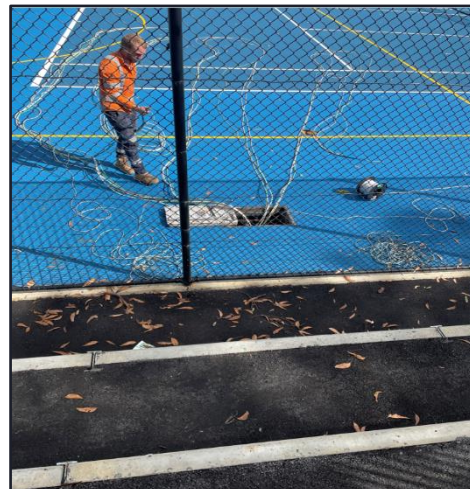

The road patching program for the financial year was completed with extensive works on Mappinga Road Woodside.

A total of 1,888 m<sup>2</sup> of patching was completed in April 2022 in preparation for resealing in the next financial years program of reseals.

### **Heathfield High School Courts Project**

Heathfield High School courts project is continuing with electrical fit out for the courts and installation of the power distribution board, final connection to the SAPN network is scheduled for mid-May 2022.

A comparison of the new larger footprint of the Heathfield High School courts, old courts marked with the teal square.

### **Bridgewater Oval**

New concrete sleeper wall at Bridgewater Oval, approximately 70m length and 1400mm high, work has now been completed. Purpose is to stabilise the perimeter path and the embankment adjacent to Mount Barker Road.

### **Gumeracha Sports Courts Upgrade**

Construction of the new sports courts is complete.

### **Lenswood Oval Playspace Upgrade**

Construction of the new playspace at the Lenswood Memorial Park is underway. All equipment has been installed, with rubber soft fall and mulch to be installed next week.

### **Footpath and Kerbing Renewals**

Mount Barker Road, Bridgewater. New handrail installation to accompany renewed footpath.

### New Footpaths

North East Road, Inglewood. New asphalt footpath with kerbing and pram ramp.

Churinga Road, Aldgate. Construction of new footpath underway.

## Regulatory Services

### Cat Management

Council Regulatory Services continue to enforce the new Cat By-law, which requires that all cats be confined to the property of their owners. Registrations continue to increase with 1267 cats now registered within the Council area, and cat related CRM requests are up to 87 with an additional 3 cats having been impounded bringing the total number to 11. Several cats have been returned to their owners as well as re-homed with the RSPCA.

Council continues to educate cat owners on the cat by-law change and has started to receive positive feedback from the community who believe they are already starting to see a reduction of cats and an increase of native fauna on their land.

### Wasp Nests

The treatment of European Wasp Nests has increased in the last two months with Council having eradicated a total of 387 nests for this season, with the majority in March and April.
