10. QUESTIONS ON NOTICE

10.1 SA Water Hydrant Locations (Cr John Kemp)

Has there been any further response from SA Water as to when the inclusion of Fire Plug and Hydrant locations will be available on the State Government website LocationSAMapViewer?

Officer's Response

Since the information report was provided to Council in May 2022 the Administration has monitored whether the fire hydrant location data had been added to the *Location SA MapViewer website*.

Following finalisation of the agenda for the 27 September Ordinary Council meeting SA Water advised the Administration that they had submitted the fire hydrant data and formal request to LSA for uploading to the Location SA Viewer.

10.2 Bushfire Resilience Grant Program (Cr Andrew Stratford)

- 1) What is the status of progress with the bushfire resilience program which the Council recently received government grants to establish?**
- 2) How will the community be engaged in the program and will there be opportunities for community generated initiatives and ideas to be supported?**
- 3) Are there expenditure deadlines which apply to programs or initiatives under this program?**

What is the status of progress with the bushfire resilience program which the Council recently received government grants to establish?

The Adelaide Hills Council has been successful in securing funding from three sources to continue the recent bushfire resilience work undertaken with the Adelaide Hills community. This includes two federal grants from the National Recovery and Resilience Agency (Black Summer Bushfire Recovery Program and Preparing Australian Communities Program) and a state partnerships grant with Wellbeing South Australia. These three funding opportunities will enable a further two years and nine months of programs and initiatives to support community recovery and resilience along with internal capacity building for council.

**ADELAIDE HILLS COUNCIL
MINUTES OF ORDINARY COUNCIL MEETING
TUESDAY 27 SEPTEMBER 2022
63 MT BARKER ROAD STIRLING**

Council is in the process of recruiting a Community Resilience Team (funded by the above) which will work alongside community on a range of projects approved by each funding body including:

- Development and distribution of community resources including the delivery of workshops tailored to the needs of specific groups such as children and farmers
- Delivery of Community Led Emergency Resilience (CLER) workshops in partnership with the Australian Red Cross to assist communities identify their unique needs, strengths and solutions to become more prepared for future emergencies
- Development of resources for both the Council and broader community on how to manage vegetation for fire risk
- Supporting the recently established Adelaide Hills Community Action Bushfire Network (AHCABN), an overarching network of community based resilience building movements across the district, and projects that may be initiated by that network
- Upgrading Council or community owned facilities to ensure they provide the utility that communities themselves have determined are needed to support that community's ability to respond and recover from potential natural disaster.

Although the program is still in its establishment phase, work is continuing with the resource Council currently has at its disposal to continue important work started in the previous federally funded program as it relates to the work in the new program.

How will the community be engaged in the program and will there be opportunities for community generated initiatives and ideas to be supported?

Council staff will engage with and work alongside the community during the delivery of the bushfire resilience program.

In particular the delivery of CLER workshops and support for the AHCABN empowers community through the provision of expert advice and guidance to determine their own needs and generate initiatives and ideas.

The program does have some capacity to support the further development of initiatives that come through these groups or other avenues through advice, support, advocacy, networking and building connections. The program is, however committed to the implementation of the strategies that were outlined in grant agreements, with some flexibility to pursue other ideas. The program is not designed to provide grants to other groups or organisations; indeed the grant programs included a condition that funding under those programs could not be used by grant recipients to run local grant programs. All funds must be acquitted by the Adelaide Hills Council.

**ADELAIDE HILLS COUNCIL
MINUTES OF ORDINARY COUNCIL MEETING
TUESDAY 27 SEPTEMBER 2022
63 MT BARKER ROAD STIRLING**

Council staff are already having conversations with stakeholders around initiatives including the concept of improved property protection strategies outlined in the recent Courier article. The implementation of this initiative and any others will be dependent on an appropriate level of support from primary stakeholders, broader community interest and funding availability.

Other grant programs, such as the State Government's Disaster Risk Reduction Program run by SAFECOM, provide opportunities for community groups and other agencies to apply for funding. Council staff will continue to support groups in identifying potential opportunities to fund community initiatives.

Are there expenditure deadlines which apply to programs or initiatives under this program?

The three successful grants come with fix term dates for delivery of the approved activities detailed in the response to question one. The funding obtained from the two Federal Government grants are to be expended over two years and nine months while the Wellbeing SA funding is to be expended over a two year period.

18. CONFIDENTIAL ITEMS

RELEASED 30 SEPTEMBER 2022

18.1 CEO PRP Independent Member – Exclusion of the Public

Moved Cr Mark Osterstock

S/- Cr Linda Green

266/22

Pursuant to section 90(2) of the *Local Government Act 1999* the Council orders that all members of the public, except:

- Chief Executive Officer, Andrew Aitken
- Director Community Capacity, David Waters
- Director Corporate Services, Terry Crackett
- Director Development & Regulatory Services, Natalie Armstrong
- Director Infrastructure & Operations, Peter Bice
- Executive Manager Governance & Performance, Lachlan Miller
- Governance & Risk Coordinator, Steven Watson
- Minute Secretary, Pam Williams

be excluded from attendance at the meeting for Agenda Item 18.1: (CEO Performance Review Panel Independent Member) in confidence.

The Council is satisfied that it is necessary that the public, with the exception of Council staff in attendance as specified above, be excluded to enable Council to consider the report at the meeting on the following grounds:

Section 90(3) (a) of the *Local Government Act 1999*, the information to be received, discussed or considered in relation to this Agenda Item is information the disclosure of which would involve the unreasonable disclosure of information concerning the personal affairs of any person (living or dead), because it would disclose the personal details of an Audit Committee Independent Member's performance.

Accordingly, on this basis the principle that meetings of the Council should be conducted in a place open to the public has been outweighed by the need to keep the information and discussion confidential.
